Sendai Volunteer English Tour Guide

"GOZAIN" is a volunteer tour guide group located in Sendai City, Miyagi Prefecture, Japan.

"GOZAIN" means "You are welcome to visit us." It is our Miyagi dialect.

We warmly share our hospitality and knowledge as guides. We use English to communicate with international visitors and residents. We are always willing to help you get the most out of your visit to the "City of Trees" Sendai and nearby Matsushima areas, regarded as one of the "Three Most Scenic Spots of Japan."

"GOZAIN" group is part of the Sendai Tourism Volunteer Guide Network, which is overseen by SenTIA (Sendai Tourism, Convention and International Association). It is also part of the International Activity Network of MIA (Miyagi International Association.)
